DC3 call minutes
19 January 2017

1. Brief review of the **last DC3 meeting in Guadalajara**, at the University of Guadalajara, Mexico

    a. The meeting was divided in 4 segments: training, policy, technical, and sustainability
    b. Workshop pad available here: https://pad.codigosur.org/cnws_igf10

2. **Resources and material** on the DC3 website (www.comconnectivity.org)

    a. The webpage for resources and material on community networks (CNs) need to be consolidated.
    b. Resources and material will be classified according to their type (e.g., academic publications, short articles, videos, etc.).
    c. For training material, it may be necessary to add a separated webpage.
    d. Also take into account how to organize resources in different languages.
    e. It was suggested to offer pages for efforts that want to give an overview of their activities just to make more people aware of them.
    f. A call for materials/resources will be launched on the DC3 list.

3. **CNs events**

    a. We need a an agenda of CNs events around the world, with tags or different colors categorizing events with different topics/themes/formats (e.g., trainings, multistakeholder workshops, policy conferences, civil society meetings)

    b. Upcoming meeting and events:

        i.   Workshop on Community Connectivity at FGV Rio de Janeiro
        ii.   RightsCon (DC3 and ARTICLE 19 presented workshop proposals): https://www.rightscon.org/
        iii. Interdisciplinary workshop on DIY and community networking (Stockholm): http://diynetworking.net/ifipnetworking2017/
        iv.   EuroDIG: https://www.eurodig.org/index.php?id=76
        v.   Stockholm Internet Festival: http://www.stockholminternetforum.se/
        vi.   Internet Freedom Festival (Valencia): https://internetfreedomfestival.org/
        vii. Battle of the Mesh: http://battlemesh.org/BattleMeshV10
        viii. Nanaandawewigamig: http://fnhssm.events/

    c. We need to identify a proper tool for a collective agenda; it may be better to avoid tools that require the use of a Gmail account.

4. **DC3 Declaration**

    a. Available at: https://pad.codigosur.org/GuadalajaraDeclaration

b. A final request for comments will be shared on the list. So far, the Declaration has been open for comments and updated for more than 4 months.

c. **Action needed**: we need to decide if item 4 of the Declaration will be a separate document or not.

5. **Publications**

a. Global Information Society (GIS) Watch's 2017 theme will be community networks. Mike will speak with Anriette to check if DC3 and the Association for Progressive Communications (APC) can combine efforts: http://www.giswatch.org/.

b. The goal of a possible DC3-APC cooperation would be to avoid redundancy. GIS Watch and DC3 Report have different format. Options for potential synergies will be discussed in the DC3 list.

c. Call for papers for the DC3 report to be discussed on DC3 list.
